This is a current picture of the construction progress on the Crooked River Lighthouse Keeper's House Museum. The construction is funded through a grant from the Florida State Legislature and support from the City of Carrabelle. The Franklin County Tourist Development Council provided funding for operation of the museum. There will be a ribbon cutting ceremony and dedication when the building is completed in March, 2009. The Crooked River Lighthouse will also be open to the public for climbing when the Keeper's House Museum is finished.

The Carrabelle Lighthouse Association wishes all of you a very Happy New Year!!
